

nola Warm Air Tooth Dryer

- Autoclavable Nozzle
- Detachable Elbow

Clinical Research Associates concluded that the compressed air in half of dental offices could be contaminated with significant amounts of moisture. However, a warmed tooth stays dry and has a positive effect on the composite bond strength.

0501-LA	Warm Air Dryer - 110 V only	\$69.95 ea.
0503-L	Extra Nozzle with Elbow	\$9.85 ea.
0504-L	Elbows (10 pcs.)	\$7.85 ea.

SLIDE™ Low Friction Ligatures

NEW!

- Easy Application
- Low Friction
- Fast Movement
- Stain Resistant
- **New - Extra Small Size!**

Applied as the classic elastic ligature, the Slide™ provides a passive ligation around the slot, leaving the wire free to slide and to fully transmit its force to the dental-alveolar structures. Silver & Ice.

6 slides per module - modules sold individually
Brochure available with more information ...

Silver		Ice
K626-000	X-Small	K627-000
K626-110	Small	K627-110
K626-210	Medium	K627-210
K626-310	Large	K627-310

\$3.99 ea. module
\$3.89 ea. for 10 or more
\$3.69 ea. for 50 or more

Twirl-On Elastic Module Applicator

A unique double-ended instrument for the quick-and-easy attachment of elastic modules to bracket wings. Especially helpful with the short wing areas of ceramic brackets. Autoclavable or can use any other means of sterilization. 6.25 inches .

0113-B
\$8.75 ea.

Light Cure Orthodontic Band Cement

Provides light cured convenience with superior properties of high bonding strength and fluoride release! Acid etching not necessary - curing occurs in less than 30 seconds. 5g syringe.

2722-50V **\$25.95 ea.**

Plastic Bracket Primer

Creates a strong bond for attachment of plastic brackets. 15 mL bottle.

5012-A **\$13.95 ea.**

Porcelain Primer

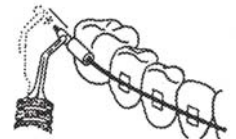

Creates a strong bond for attaching brackets to porcelain teeth. 16 mL bottle

7008-A **\$14.95 ea.**

The Twister™

- Bending tails of springs
- Bending distal ends of archwires

Works great on all SS wires, TMA as well as most nitinol wire. Makes cinchbacks a cinch to do. Available in 2 sizes: .022 and .030 I.D.

0650-300	.022 Inner Diameter	\$17.85
0650-330	.030 Inner Diameter	\$17.85

Crimpable Hooks

Precision-cast crimpable hooks are easily crimped onto archwire for precise placement. May be bent for right or left applications. All hooks fit round or rectangular wire up to .018 x .025. 20 per package.

0430-040 Ball Hook
0430-015 Hook Right **\$27.95 pkg.**
0430-016 Hook Left **\$26.95 pkg. for 3 or more**

Hook Crimping Plier

Angled beak allows for precise placement of hook on archwire.

0200-436 **\$28.95 ea.**
