- Prices are very affordable and realistic.
- Substantially less cost for your dentures and partials.

Justi Blend® Anterior and Posterior Hardened Plastic Teeth

Anteriors — For today's cosmetic industry. A new and fresh look to multi-blended characterized plastic teeth. Justi Blend® is a highly cross-linked, vacuum processed laminated hardened plastic tooth. Available in the most popular shapes - square, tapering, and ovoid. Has 6 American shades ranging from 200-210 (from light to dark). **ADA Certified.**

Posteriors — These blended plastic teeth are the toughest American-made teeth available on the market today. Formulated with a concentrated, interpenetrated polymer network, these posteriors meet ADA Specification 15 for certification. They are designed to articulate with our Justi Blend anteriors. The line is available in 36 Posterior molds - 18 upper and 18 lower in 0°, 10°, 20°, and anatomical medium and long. **ADA Certified.**

Anterior Cards - 1 x 6

Shade #'s—200, 202, 204, 206, 208, 210.

Justi Blend® Mold Chart

Gives key measurements that will help select your mold. By request only.

When placing your tooth order, please specify Shade # and Mold # as well as either upper or lower

Tooth Return Policy

1. Only teeth purchased from OSE may be returned.
2. Complete sets may be returned within 45 days if in resaleable condition (this means unused and in original packaging). Returns after 45 days will be subject to a 25% restocking charge. No return after 180 days.
3. Broken sets of teeth will be credited as follows:
 - Dymon-Hue Anterior single teeth 30¢ per tooth.
 - Dymon-Hue Posterior single teeth 22¢ per tooth.
 - Justi-Blend Anterior single teeth 62¢ per tooth.
 - Justi-Blend Posterior single teeth 43¢ per tooth.

We can accept broken sets only if they meet the following specifications:

- a. Loose teeth off cards due to improper packaging or packing will not be accepted.
- b. Teeth must not be ground, chipped or damaged in any manner.
- c. Teeth must be on clean cards in the proper position and molds.
- d. Teeth must be clean of wax and must have no permanent markings on them (paper dots are OK).
- e. Cards with any markings on the front or back are not acceptable.
- f. Excessively dusty and dirty cards and teeth are not acceptable.
