### 10 per catalog # per package

small size brackets **30% smaller** than normal size

**\$36.90 pkg**

**\$34.90 pkg for 10 or more**

**\$32.90 pkg for 20 or more**

*\*with hook brackets add \$7.90 per package of 10*

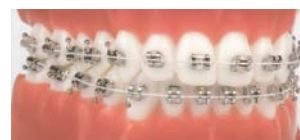

### Design Features & Benefits

- Torque, contouring and mesio-distal offset built into the bracket
- Soft-line rounded facial contour
- Permanent marking system
- Diamond cut bracket slots ensure exact tolerance & less friction
- Easy arch wire ligation
- Minimized and anatomically shaped base
- Wing and small ball hook in the region of the cuspids and the bicuspid steps gingivally away to resolve impinging of the gingiva

### Available In Cases -

20 brackets per case.

#### Normal Size

Description	.018	.022
w/hooks	7060-185	7060-195
w/o hooks	7060-190	7060-200

#### Small Size

Description	.018	.022
w/hooks	7060-185S	7060-195S
w/o hooks	7060-190S	7060-200S

small size brackets **30% smaller** than normal size

**\$69.90 per case**

**\$68.90 per case for 10 or more**

**\$67.90 per case for 20 or more**

*\*with hook brackets add \$7.90 per case*

## Mini-Mono® High-Tech Brackets\* Standard Edgewise

### 0° Torque / 0° Angulation

For direct bonding. All brackets can be used on the patients' right or left (small size brackets are 30% smaller than conventional size brackets). 10 per package.
