

## Dry Heat Sterilizers

### Features:

- Precision thermostat.
- All stainless steel—No rust, ever.
- Will not dull sharp instruments.
- No pressure, no moisture.
- Rapid heat-up for fast operation.
- Chamber sealing door.
- Trays can be sterilized with lids on.
- Heat is even - no cold or scorching spots.
- Has automatic timer with "hold" position.
- Burnout proof heating element (guaranteed for 5 year).

This dry heat sterilizer incorporates all the high quality, rugged performance and specific features most prized in modern medical practice. The Steri-Dent Sterilizer quickly destroys bacteria with a fast-start heat that is even throughout to prevent either scorching or incomplete sterilization in spots. Ideal for tray setups which can be stored indefinitely without contamination. It also has heat "hold" capability for continuous use in a busy practice. It is maintenance-free, and there is no gasket to be replaced thanks to a new chamber-sealing door. Check the features and be convinced. Achieve sterilization at 320° for 60 minutes.

### Model # 200 (2 Trays)

Outside Dimensions:  
15.5"W x 10.5"H x 9.5"D  
Inside space:  
12.5"W x 5"H x 7.5"D  
Weight: 17 lbs.  
Power Consumption:  
450 Watts

# 0911-000  
**\$569.00**

### Model # 300 (3 Trays)

Outside Dimensions:  
19"W x 14.5"H x 11"D  
Inside space:  
15"W x 7.5"H x 9"D  
Weight: 27 lbs.  
Power Consumption:  
650 Watts

# 0925-000  
**\$779.00**
