0480-805	.030
0480-809	.036

\$22.75 pkg.

## Crimpable Ball Hooks

Precision-cast crimpable ball hooks are easily crimped onto archwire for precise placement. May be bent for right or left applications. All hooks fit round or rectangular wire up to .018 x .025. 20 per package.

\$29.90 pkg.  
\$28.90 pkg. for 3 or more

# 0430-040

## Hook Crimping Plier

Angled beak allows for precise placement of hook on archwire.

# 0200-436 \$28.95 ea.

## Eruption Appliance

24k Gold Eyelet & Traction chain

Bondable to cuspids impacted palatally or labially. The chain swings freely within the eyelet. The .016 diam. x one inch chain can be easily cut to achieve the desired length. **Safe for nickel sensitive patients** - the potential for allergic reaction is minimized with a plating of 24k gold.

**Round Base Eyelet**  
3.5mm diam. flat  
80 gauge mesh base  
# G196-440

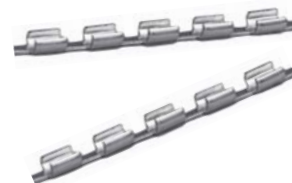

**Rectangle Base Eyelet**  
3 x 3.75mm curved  
micro etched base  
# G196-44A

\$9.85 ea.  
\$94.50 for 10 (\$9.45 ea.)  
\$179.00 for 20 (\$8.95 ea.)

## Rectangular Stops & Spacers
