

**Vertical    Zygomatic    Horizontal    Universal**

Each face mask and instructions for use are included in a white bag with a pocket for the headgear.

## Face Masks

Used for treatment of maxillary insufficiencies, mandibular prognathism and cleft palate. The counteraction pull between maxilla and mandible makes the ensuing orthodontic treatment easier. Fully made of stainless steel and non toxic acrylic, it can be dimensionally adjustable to fulfill each individual requirement with vertical or horizontal adjustment. All anchorage points are made with allen-screws. The replaceable chin and forehead pads are made of natural leather for better patient comfort. Face masks with zygomatic holds feature an adjustable blue strap band.

**New** - Universal Adjustable Face Masks. Can be dimensionally adjusted to fulfill each individual requirement with both a horizontal and vertical adjustment.

Face Masks	Beige	Red	Each
Small with Horizontal Adjustment	M077-400	M077-40R	<b>\$69.85 ea.</b>
