## DuraGuard Mouthguard Sheets

These DuraGuard sheets are designed to create custom formed athletic mouthguards that provide an excellent combination of protection and comfort. DuraGuard sheets have excellent conformity to the model, resulting in a true custom fit. They can also be used for creating soft bruxism splints and other low impact appliances.

- 5.25" x 5.25" square sheets fit most vacuum form machines
- Can also be used to create soft nightguards and bruxism splints
- 25 sheets per box - 3 year shelf life
